

Thank you for joining our team!

We'll do everything we can to show you how much we appreciate your support!

Thank you

By raising money for us, you'll help more people with mental health problems get the support they need and the respect they deserve – and that's a very big deal.

So thank you.

We believe no one should have to face a mental health problem alone. We're here for the local community. Today. Now. We're on your doorstep, on the end of the phone, or online. Whether you're stressed, depressed or in crisis – we will listen, give you support and advice and fight your corner.

We're an independent charity. We rely on individual donations and fundraising to support as many people as possible in our area. Anything you raise goes straight back in to the community you live in – your support will help us help your friends, your family and your neighbours.

If you need anything during your fundraising, just let us know. We'll do everything we can to show you how happy we are to have your support.

This guide will be a handy starting point to fundraising – it's full of useful information to get started, and links to things you need to know.

Thank you so much for caring about mental health.

One in four of us experiences a mental health problem each year – you're part of the solution.

Whatever you need, we're here

You're helping change lives

By fundraising for us, you'll help create a world where no one has to face a mental health problem alone.

In 2018 to 2019, people like you helped us:

- run 12 peer support activities, benefitting over 200 people in our local community in Mid and North Powys
- deliver over 300 counselling sessions to people accessing our services
- promote the Suicide Prevention Pledge that aims to promote self help and get people talking about their feelings to reduce isolation and suicide. The Pledge has been so successful that it has been launched and used by other charities in South Wales, England and even Hong Kong.
- Promote our services to the people who need us

Together, we'll achieve even more! Thank you.

Keep it legal

The first rule of fundraising is to have a great time, but there are a few others you need to bear in mind too. Here's how to keep everything above board.

If you collect money, give us a call first. We'll take you through the basics and send you collections tins and seals. The key things to remember are:

- You have to be 18 in London and 16 everywhere else to collect money.
- If you're planning a collection on private property – like a shop or train station – you need to get permission from the owner.
- You need a licence from your local authority or police to collect donations on the street or any other public property.

If you organise a raffle or lottery...

- You can't sell tickets to anyone under 16.
- You'll need to apply to your local authority or council for a licence if you want to run a public raffle or lottery.
- You don't need a licence for a private raffle or lottery, as long as tickets are only sold to staff at a workplace or members of a club.
- You don't need a licence for a raffle at a social event, as long as the raffle isn't the only reason for the event, you sell tickets where the raffle is held and you draw and announce winners at the event.

If you're putting on a spread...

- Everyone involved in preparing and serving food needs a basic understanding of food hygiene.
- You need an alcohol licence from your local authority to sell alcohol.

If you're putting on a show...

- You might need a Public Entertainments Licence from your local authority if you're organising entertainment (like music, dancing or a film screening) at a venue that doesn't already have a licence. Licences are free for charity events.

Don't forget health and safety...

- Do a risk assessment for any fundraising events, looking at how risks can be reduced and what's in place to keep everything safe and to deal with emergencies.
- Don't do solo endurance events without the right support team. Take the time to thoroughly consider your safety and make sure you've got adequate back-up.
- Make sure you keep things safe and legal. We can't be held responsible if you don't, and we really don't want you getting into trouble.

You might need insurance...

- Venues usually have their own insurance, but check whether the public are covered.
- You can't use our public liability insurance to cover your own events.
- We can't accept any liability for events you organise, so it is important to sort out appropriate insurance cover.
